

Panel Discussion: "The Role of EBSI-NE in the Future of the EBSI Ecosystem"

Friday, 11 April 2025 10:30 (45 minutes)

☒ Panelists:

- Steffen Schwalm, Principal Business Consultant/ TRACE4EU coordinator
- Jonas Žalinkevicius, eDelivery LT/ EBSI-NE WP technical lead
- Daniel DU SEUIL, Onderzoekscoördinator Howest university / EBSI-VECTOR WP lead
- Panos Louridas, Director of Research and Development at GRNET, Professor in the Department of Management Science and Technology, Athens University of Economics and Business

☒ Coordination: Maria Kokka, Team Manager/Delivery Manager DevOps Team GRNET

The panel discussion will explore the significance of the EBSI-NE (European Blockchain Services Infrastructure – Network Expansion) project in shaping the future of the EBSI ecosystem. The session will focus on key areas of development, integration, and the impact of EBSI-NE in fostering a more robust, interoperable, and scalable blockchain infrastructure for public services in Europe.

Key topics include:

- EBSI-NE's impact on cross-border adoption and integration of national nodes
- Technical innovations, addressing scalability, security, and efficiency
- Real-world applications, including digital identity and verifiable credentials
- Regulatory challenges, compliance with European policies, and governance strategies
- Future outlook, expansion plans, and collaboration with EU digital initiatives

Expected Outcomes: Insights into blockchain adoption best practices, key challenges, and strategic recommendations for the sustainable growth of EBSI.
